

North Star's Most Wanted

For 22 years the elusive Vanessa Jenison has remained at large. Now, finally she has been apprehended.

Agents Siesel and Quinn move in on the unsuspecting fugitive.

They handcuff her, and under great duress she gives in and agrees to sign the confession.

She breaks under interrogation, and Agent Quinn whips out the legal forms.

What have I signed? She wonders.

Agent Siesel fingerprints her. She tries to defeat him by wearing 2 inch nails, but he prevails. Now there is no escape. See you at the next meeting, Vanessa.
